Effective January 1, 2008

Dear Patient,

As more patients carry high deductible insurance policies, health savings accounts, or no insurance at all, this office is finding our previous billing methods must change.

Each month, in situations where an account is past due, a rebilling fee of \$25.00 will be assessed, or late charges of 1.5% (whichever is greater) will be applied to the balance. Any patient who fails to pay her copay, at the time of service, will be charged a rebilling fee of \$25.00 if that copay is not remitted within ten days to this office. Patients who have high deductible insurance, or no insurance at all, are asked to meet with our billing manager to discuss a payment plan agreement.

Questions may be referred to our billing manager, Carina Batres, at 720-287-7563. As always, we appreciate your confidence in our practice and we value you as a patient.

Sincerely,

Robert J. Wester, M.D.
